## NO HEROS WELCOME

The people who fought in the Vietnam War are bitter because they were not given a heros welcome when they returned home. Being bitter they are likely to teach their children that war is hell and they will not be appreciated if they fight in one. This might be what is needed to break the, one war after another, pattern. The more bitter the veteran is the more likely they will be to try to keep their children from fighting in a war.

Can the children of the Vietnam veterans break the chain of everlasting war? Some time terrible things need to happen to people to get them to break bad habits.

We've marched from one war to the next like mindless sheep. Now we will give great thought before we are herded so easily.

Something good always comes out of something bad.

We have had one president after another who could not say no to a war. President Carter kept us out of war. He has 100% confidence. He can not be intimidated. President Reagan has 57% confidence.

Who knows what can happen now.

## POPE JOHN PAUL II SHOT

Does Biorhythm work? Is life predestined? Born 5-18-20:

Physical (Confidence) 10(13%)

Emotional 0 (100%)

Mental 3 (82%)

He was shot 5-13-81. On May 12th he had an emotional critical. The emotional started on its downward track. On 5-13 he had a physical and mental critical. The time of birth and the time he was shot was not used. He could have had 3 criticals at one time instead of over a 2 day period.

The Pope did not shoot himself so why was he shot when he had 3 criticals unless it was meant to be?

A critical is when a rhythm (physical, emotional, mental) changes from the up to down or from the down toward up position. When it crosses that line is when we are more likely to have accidents, have emotional flareups or make mental errors.

5-14-81 Pope felt depressed.

The emotional was low.

5-22-81 Still had fever.

Physical was low.

5-26-81 Pope was extremely tired. They changed over from interveinous feeding. On 5-25 he had a physical critical, an emotional critical on the 26th.

6-1-81 Recovered enough to leave his bed & walk around.

The physical & emotional were high.

6-3-81 Left hospital. Physical and emotional high.

6-5-81 2 days after he left the hospital he would have a physical critical. Might try to overdo.

Pope John Paul II has a typical policeman/clergyman type personality. He can embrace (Continued on page 2)

## AIR POLLUTION

"The air inside an average home is actually more polluted than the air outside it."

- Dr. Igho H. Kornblueh

the whole world (#0 emotional). He needs to be in control (82% mental). He is not a sexy person. His lack of confidence (13%) is felt by the people and they are attracted to his softness. He could be a bully if he feels he is losing control of a situation. That could make him overreact.

He has said people should live "a poor & obedient life". He would enjoy living a poor life. That is natural for low physical people. He would want others to obey him but he would not want to obey others.

You can order your own 6 month chart for \$6 or 1 year for \$10.

#### IS THE NEW CELIBACY FOR YOU?

It is if you have a low physical percentage. It would free men, especially, from having to pretend they are sexy when they really are not. It would take some stress off them. Trying to pretend to be sexy all the time is exhausting. The low physical person needs to use their energies in a more constructive way. Unless you do what is right for you you will be miserable.

Even tho two low physical people are attracted neither are sexy. The man is taught he has to be sexy to be a real man. He could put a lot of pressure on the woman to have sex. She would rather not have that. She might want mostly romance instead. After the honeymoon the man is likely to revert to being what is right for him, non-sexy. The woman will wonder what is wrong with her that he is dropping most of the sex. She will feel guilty & feel it is something she did. Even tho she would rather not have so much sex. The guilt is there. That is undermining this relationship. Talk about it. Get a compatibility done. If you find both of you are really not sexy there will be no need to feel guilty.

The New Celibacy is not for those who have high physical percentages. The lower the physical percentage the longer one can go without sex.

The typical Priest tends to have low physical percentages, that is why a lack of sex does not bother them.

A man might be desperate for intimacy but sends out the sexual vibrations instead. He might go from one sexual experience to another looking for the intimacy that does not come from sexual exper-

iences. He is really looking for love. He might chase away a female he is very compatible with by acting too sexy. Acting macho kills men.

Order your compatibility \$12 (2 birthdates - month/day/year) from Irene Hamlin Stephenson, P.O. Box 892-TRU, Chatsworth, CA 91311.

#### ANOREXIA NERVOSA

I would like to do more research on Anorexia Nervosa. Would you send me the birthdates of someone you know who has/had this?

I knew a girl who had Anorexia Nervosa.

Physical 6 (48%)

Emotional 19 (36%)

Mental 5 (70%)

She was a beautiful child. She was charming, outgoing & a born actress. A stranger once said she would like to adopt her. This could have been said to emphasize the woman's admiration. The girl held that remark dear. To her it meant she could have gotten all the love she craved.

She had a younger ordinary looking sister. When her sister reached the teen years she blossomed. The once beautiful child was skinny & plain looking. Her younger sister started receiving the attention. She had to do something about that. She had to have the attention again. She decided to get so skinny that her mother would be concerned. The mother was a bit concerned but not enough to take her to the doctor. She realized her daughter was doing it for attention. The mother was one who was never overly concerned about health or disease. The girl kept this up for years until she finally got some results. She got TB. She was an adult then & took herself to the doctor. The whole family came around to help with the chores.

The doctor taught her how to eat properly. It was then she blossomed out & was a beautiful woman. She could have been beautiful all along if she had not resented her sister getting some attention for the first time in her life.

This Anorexia Nervosa girl is a natural child (#19 emotional). She needs more attention than the average & will solve problems the way a child would. She is a born actress who will play the role of a martyr to get people on her side. She will do anything for attention.

This emotional coupled with a low physical percentage would make it likely that she would use dis-ease (not at ease) to get her attention. She needed to be in control (70% mental) & felt she had lost control. She was going to get it back any way she could. She did not want to die she just wanted things to get back to where she was the most cherished one. She wanted to stay a little girl.

You can order your own biorhythm character analysis. \$8 each birthdate (month/day/year) or 3 for the price of 2

The 3 for 2 offer (\$16) is good until 9-1-81. Send to Irene Hamlin Stephenson, P. O. Box 892-TRU, Chatsworth, CA 91311.

#### RAPE: GARDEN VARIETY

(From article in New Directions for Women).

Federal District Judge Jdm Kane Jr born 2-14-37  
Physical 12 (4%)  
Emotional 16 (14%)  
Mental 25 (51%)

Kane was speaking to a group of probation & correction officials in Colorado. He allegedly said "a garden variety rape case" can be fun. "It keeps you awake in the afternoon & provides a little vicarious pleasure." Why would a judge say such a cruel unfeeling thing? Kane is not a sexy man (4% physical). Men are taught they have to be sexy to be real men. Some men in this low physical range will tell a lot of dirty jokes or make unwanted passes & in this

case made this, what he would call a sexy remark. He would hope this would make those present think he is a real man.

That is not the only reason he made that unfeeling remark. He is a natural child (#16 emotional). He cares mainly for himself and will do anything to get attention. He needs to have people listen to him (51% mental). He would be a glib talker & could talk people out of or into things for his own benefit.

CONVICTED RAPIST, Eldridge Cleaver, born 8-31-35

Physical 16 (39%)  
Emotional 17 (21%)  
Mental 30 (82%)

He did not feel like a real man. He lacked confidence & sex drive (39% physical). He is a natural child (#17 emotional) & has to have a lot of attention. He needs to be in control (82% mental). He is a natural male chauvanist who blames women for his problems.

Cleaver wanted to prove he was a real man instead he showed himself to be a coward. It takes a cowardly person to pick on helpless women.

Now Cleaver is getting his attention in a more positive way. He is a Born Again Christian.

There does not seem to be much personality difference between a man who thinks rape is funny & one who commits rape. The difference between these 2 men is Cleaver had a strong need to be in control where Kane has a need to talk.

Rapists are not usually sexy men. They tend to feel inadequate & need to have power over others. This same type of man is the sexual harasser in the business place. They harass women who can not protect themselves. When they harass they are really looking for admiration from others. They will be thinking others are saying what real men they are to not be able to control their sexy feelings.

Rapists are not sexy men.

THE TRUTH JULY 1981

Neither are sexual harassers. They tend to feel inadequate & need to have power over others.

The time will come when men who poke fun at the helpless will be recognized for the cowards they really are.

MARILYN MONROE - Marilyn was a very unhappy confused person. She was shunted from foster home to foster home. She had been sexually molested in one of those homes.

Marilyn was not a sexy person (13% physical) but was forced to play that role to try to get the love she needed. She lacked confidence & was very insecure. She would have felt she was not worth much & that people could not possibly love her. She had that so ingrained into her in childhood that it would have been impossible to get over. She naturally felt inferior. Marilyn was a combination natural mother-humanitarian (#7 emotional). She never got the home with children in it. She had a number of miscarriages. She would have suffered a lot emotionally when this happened. Marilyn was a natural martyr (#9 mental). She would not have been a good judge of people. She would have been attracted to those who would have given her trouble. She would have had depressions. She had the same mental number Judy Garland had. They both got involved with drugs. Marilyn needed to have people listen to her (46% mental). She never really got that.

By getting married did Marilyn get any of her needs met? She came closest to it with Joe DiMaggio.

PERSONAL BIORHYTHM NUMBERS

	Physical	Emotional	Mental
Joe DiMaggio 11-25-14	10 (13%)	13 (7%)	24 (46%)
Marilyn Monroe 6-1-26	13 (13%)	7 (50%)	9 (46%)
Compatibility	3 (74%)	6 (57%)	15 (9%)

4 Joe was older by 11 years and would have been a father figure to Marilyn. There was a strong physical attraction (74% physically compatible). Marilyn needed cudding (50% emotional). This was not too important to Joe (7% emotional). They liked one another very much (57% emotional) but they could not hear what the other was saying (9% mentally compatible). There would have been a lot of "You're not listening to me." Joe & Marilyn thought alike (46% mental) but their personal numbers were opposite (#24 & 9). This meant they were too far apart mentally to hear what the other

was saying. There would have been a lot of frustration because of the mental incompatibility which eventually led to divorce.

It is obvious Marilyn was still hurting when she married Arthur Miller. They were only 39% physically, 14% emotionally and 15% mentally compatible. They were only 23% alike. This must have been a nightmare to both of them.

Have you wondered what was between Marilyn and John F. Kennedy? They were 91% physically, 0% emotionally (that means no love at all) and 39% mentally compatible. This was just a physical attraction.

Each of these men were older and that made them the father type to Marilyn. With JFK she got the ultimate in fathers. President Kennedy was the Father of our country.

Marilyn did not find the love she so craved in any of these relationships.

If Biorhythm Compatibility had been used to find someone she could love she might have rejected that person because it could have been more than she could handle. She had spent a lifetime looking for love and it had become a habit.

Poor tormented Marilyn.

We can't do anything with the past but learn from it.
